TOGETHER.**

“About us: Roots of the Sea of Languages for Translation”

This establishment was born from long-established institutions that obtained ISO certificates for quality in the field of translation in terms of translation safety, speed, accuracy and excellence. It has a long history in this field and inherited from them some competent employees in the field of translation and designs who have long experience.

“

**Sea of Languages Co.
For Certified Translation.**

”

“

It provides additional services such as decoding details of scientific linguistic abbreviations, including medical, engineering, accounting, legal, and other .well-known scientific fields

”

Archive

The Establishment is not limited to providing translation only. The institution has a rich and full archive. It is known that translation must be accompanied by technical skill in choosing the basic terms that represent a deep understanding and the arrangement that leads to the correct understanding, along with providing file services, where it preserves translation records related to large and well-established companies. If requested to do so, in addition to the fact that the translation provided by this institution is accepted to be certified by all government entities, .embassies and courts inside and outside the Kingdom
